

3 QHSE POLICY

Asia Gulf Power Service Company Ltd, (O&M Co) are contracted to operate and maintain Taweelah B Power and Water Production Plant by the owner, Taweelah Asia Power Company Ltd (TAPCO).

To fulfil our contractual, health and safety, environmental and social obligations we will:

- Meet the agreed contractual requirements of our Clients and strive to maintain an appropriate balance in meeting the expectations of all interested parties
- To comply with the water and electricity quality requirements
- Safeguard the owner's assets
- Assign roles, responsibilities, accountabilities, authorities and the resources, including supervision, needed to accomplish given tasks
- Ensure that no employee receives less favourable treatment on the grounds of gender, race, religion, disability or other factors that are irrelevant to the job
- Maintain a working environment that is conducive to efficient operations and that does not create unacceptable risk to the health and safety of employees and others
- Commit to the prevention of injuries and ill health through group and individual education and consultation
- Take appropriate steps to minimise pollution and other adverse impacts on the environment, including actions to optimise energy consumption and reduce waste
- Devote adequate resources to Environment, Safety and Health protection and continually develop effective procedures, processes and practices to identify and minimise all manner of risk to Health, Safety and the Environment whilst complying with applicable legal requirements and the guidelines set out in the Abu Dhabi Environment, Health & Safety Management System.
- Optimise our performance by identifying, planning, implementing and monitoring our key business processes in the most effective manner
- Ensure proportionate and effective Risk Management to create and protect value.
- Ensure that QHSE policy is communicated to relevant parties including all the employees and other stake holders.
